SEDIE E POLTRONCINE

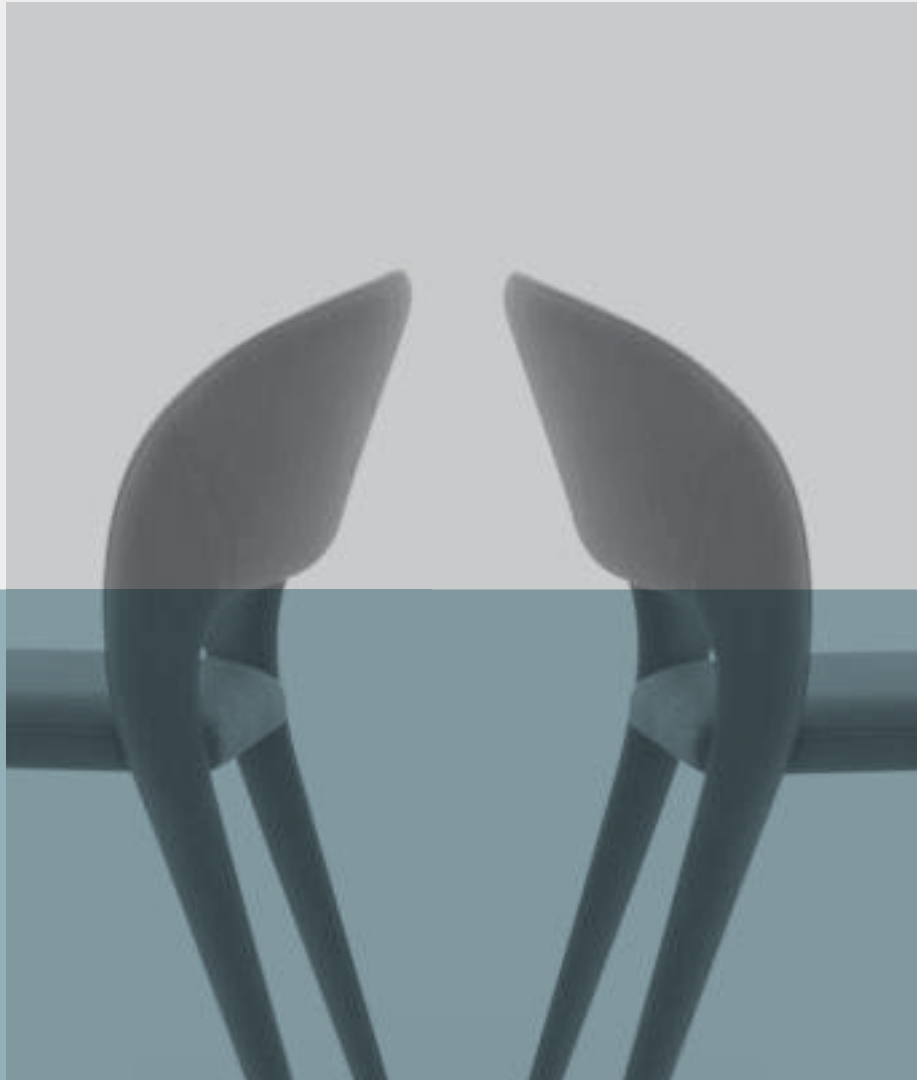

CHAIRS AND ARMCHAIRS / SILLAS Y SILLONES / CHAISES ET FAUTEUILS

La comodità è fondamentale, in cucina come in sala da pranzo, in un ambiente domestico come in una sala riunioni. Ma sono importanti anche lo stile e il design. Strutture in metallo e rivestimenti di qualità danno forma a diverse sedute: lasciatevi conquistare dalle sedie e poltroncine firmate Target Point.

Comfort is essential, whether in the kitchen or dining room, in a home environment or a meeting room. Style and design are also crucial. Metal structures and high-quality upholstery give shape to various seating options: let yourself be captivated by Target Point's chairs and armchairs.

La comodidad es fundamental, tanto en la cocina como en el comedor, en un entorno doméstico o en una sala de reuniones. Pero el estilo y el diseño también son importantes. Estructuras de metal y revestimientos de calidad dan forma a diferentes asientos: déjate seducir por las sillas y sillones de Target Point.

Le confort est essentiel, que ce soit dans la cuisine ou la salle à manger, dans un environnement domestique ou une salle de réunion. Le style et le design sont également importants. Les structures métalliques et les revêtements de qualité donnent forme à divers assises : laissez-vous séduire par les chaises et fauteuils signés Target Point.

USO E MANUTENZIONE

USE AND MAINTENANCE / USO Y MANTENIMIENTO / UTILISATION ET ENTRETIEN

TESSUTI / FABRICS / TEJIDOS / TEXTILES

L'esposizione continuata al sole, agli animali domestici o ad ambienti eccessivamente umidi e non correttamente areati può causare il deperimento delle finiture, delle imbottiture e di altre componenti.

Per la pulizia si consiglia di usare un panno morbido pulito e inumidito con sola acqua (o al massimo con sapone neutro) facendo attenzione che esso non sia intriso di detersivi o alcool che potrebbero causare un danneggiamento alla finitura.

Continued exposure to the sun, pets or excessively humid and improperly ventilated environments can cause deterioration of finishes, padding and other components. For cleaning it is recommended to use a soft clean cloth moistened with water only (or at most with neutral soap) making sure that it is not soaked in detergents or alcohol which could damage the finish.

La exposición continua al sol, las mascotas o los ambientes excesivamente húmedos y mal ventilados pueden provocar el deterioro de los acabados, el acolchado y otros componentes. Para la limpieza se recomienda utilizar un paño limpio y suave humedecido sólo con agua (o como máximo con jabón neutro) asegurándose de que no esté empapado en detergentes o alcohol que puedan dañar el acabado.

Une exposition continue au soleil, aux animaux domestiques ou à des environnements excessivement humides et mal ventilés peut entraîner une détérioration des finitions, du rembourrage et d'autres composants. Pour le nettoyage, il est recommandé d'utiliser un chiffon doux et propre imbibé d'eau uniquement (ou au maximum de savon neutre) en veillant à ce qu'il ne soit pas imbibé de détergents ou d'alcool qui pourraient endommager la finition.

METALLI E LEGNI LACCATI, POLICARBONATO, POLIURETANO E POLIPROPILENE / LACQUERED WOODS AND METALS, POLYCARBONATE, POLYURETHANE AND POLYPROPYLENE / METALES Y MADERAS LACADAS, POLICARBONATO, POLIURETANO Y POLIPROPILENO / METAUX ET BOIS LAQUÉS, POLYCARBONAT, POLYURÉTHANE ET POLYPROPYLÈNE

Une exposition continue au soleil, aux animaux domestiques ou à des environnements excessivement humides et mal ventilés peut entraîner une détérioration des finitions, du rembourrage et d'autres composants. Pour le nettoyage, il est recommandé d'utiliser un chiffon doux et propre imbibé d'eau uniquement (ou au maximum de savon neutre) en veillant à ce qu'il ne soit pas imbibé de détergents ou d'alcool qui pourraient endommager la finition.

Per motivi strutturali è consigliato non sedersi sul piano, non fissare seggiolini, non spostare il tavolo afferrandolo dal piano, non colpire forte il piano con oggetti pesanti o appuntiti (martello, coltello). Eventuali macchie od aloni sui piani in vetro devono essere puliti con detergenti sgrassanti specifici per vetro.

For structural reasons it is advisable not to sit on the top, not to fix hanging baby seats to the top, not to move the table by grabbing it from the top, not to hit the top bluntly with heavy or sharp objects (for example with a hammer or knife). Any stains or halos on glass tops must be cleaned with degreasing glass-specific detergents.

Por razones estructurales, se recomienda no sentarse en la encimera, no fijar asientos para bebés, no mover la mesa agarrándola por la encimera, no golpear fuerte la encimera con objetos pesados o puntiagudos (por ejemplo, con un martillo o un cuchillo).

Cualquier mancha o halo en las encimeras de cristal debe limpiarse con detergentes desengrasantes específicos para cristal.

Pour des raisons structurelles, il est conseillé de ne pas s'asseoir sur le plateau, de ne pas fixer des sièges bébé, de ne pas déplacer la table en la prenant par le plateau, de ne pas frapper brutalement le plateau avec des objets lourds ou pointus (par exemple avec un marteau ou couteau). Les taches ou auréoles sur les plateaux en verre doivent être nettoyées avec des détergents dégraissants spécifiques pour le verre.

Per motivi strutturali è consigliato non sedersi sul piano, non fissare seggiolini, non spostare il tavolo afferrandolo dal piano, non colpire forte il piano con oggetti pesanti o appuntiti (martello, coltello). Per la pulizia è possibile utilizzare detergenti non abrasivi, facendo attenzione però che la sostanza non finisca su altre componenti del prodotto che potrebbero rovinarsi, come la laccatura delle gambe e del telaio.

For structural reasons it is advisable not to sit on the top, not to fix hanging baby seats to the top, not to move the table by grabbing it from the top, not to hit the top bluntly with heavy or sharp objects (for example with a hammer or knife). For cleaning, even non-abrasive detergents can be used, making sure that the substance does not end up on other components of the product that could get damaged, such as the lacquering of the legs and the frame.

Por razones estructurales, se recomienda no sentarse en la encimera, no fijar asientos para bebés, no mover la mesa agarrándola por la encimera, no golpear fuerte la encimera con objetos pesados o puntiagudos (por ejemplo, con un martillo o un cuchillo).

Para la limpieza se pueden utilizar incluso detergentes no abrasivos, asegurándose de que la sustancia no vaya a parar a otros componentes del producto que podrían dañarse, como el lacado de las patas y del bastidor.

Pour des raisons structurelles, il est conseillé de ne pas s'asseoir sur le plateau, de ne pas fixer des sièges bébé, de ne pas déplacer la table en la prenant par le plateau, de ne pas frapper brutalement le plateau avec des objets lourds ou pointus (par exemple avec un marteau ou couteau). Pour le nettoyage, même des détergents non abrasifs peuvent être utilisés, en veillant à ce que la substance ne se retrouve pas sur d'autres composants du produit qui pourraient être endommagés, tels que le laquage des pieds et des coulisses.

CERTIFICAZIONI

CERTIFICATIONS / CERTIFICACIONES / CERTIFICATIONS

Le componenti in legno ed i pannelli che utilizziamo sono certificati in classe E1 (a bassa emissione di formaldeide).

The wooden components and panels we use are certified in class E1 (low formaldehyde emission).

Los componentes y paneles de madera que utilizamos están certificados en clase E1 (baja emisión de formaldehído).

Les composants et panneaux en bois que nous utilisons sont certifiés en classe E1 (faible émission de formaldéhyde).

I nostri prodotti sono registrati e autorizzati REACH (Registration, Evaluation, Authorisation and Restriction of Chemicals). L'acronimo si riferisce al Regolamento CE n. 1907/2006, che prevede la registrazione, valutazione, autorizzazione e restrizione di tutte le sostanze chimiche prodotte o importate nell'Unione Europea.

Our products are registered and authorized by REACH (Registration, Evaluation, Authorization and Restriction of Chemicals). The acronym refers to the EC Regulation n. 1907/2006, which provides for the registration, evaluation, authorization and restriction of all chemical substances produced or imported into the European Union.

Nuestros productos están registrados y autorizados REACH (Registration, Evaluation, Authorization and Restriction of Chemicals). El acrónimo hace referencia al Reglamento CE n. 1907/2006, que prevé el registro, evaluación, autorización y restricción de todas las sustancias químicas producidas o importadas en la Unión Europea.

Nos produits sont enregistrés et autorisés REACH (Registration, Evaluation, Authorization and Restriction of Chemicals). L'acronyme fait référence au Règlement CE n. 1907/2006, qui prévoit l'enregistrement, l'évaluation, l'autorisation et la restriction de toutes les substances chimiques produites ou importées dans l'Union européenne.

Gli imballaggi utilizzati per i nostri prodotti e molte componenti degli stessi sono realizzati con materiali riciclabili. Una volta utilizzati possono quindi essere recuperati e processati per tornare ad essere materia prima in un nuovo ciclo produttivo. Informati sulle modalità di raccolta e riciclo nella tua zona!

The packaging used for our products and many of their components are made from recyclable materials. Once used they can then be recovered and processed to return to being a raw material in a new production cycle. Check about the collection and recycling procedures in your area!

Los embalajes de nuestros productos y muchos de sus componentes están fabricados con materiales reciclables. Una vez utilizados, pueden recuperarse y procesarse para volver a ser materia prima en un nuevo ciclo de producción. ¡Infórmate sobre los métodos de recolección y reciclaje en tu zona!

Les emballages utilisés pour nos produits et bon nombre de leurs composants sont fabriqués à partir de matériaux recyclables. Une fois utilisés, ils peuvent ensuite être récupérés et transformés pour redevenir une matière première dans un nouveau cycle de production. Renseignez-vous sur les méthodes de collecte et de recyclage dans votre région!
